SUMMARY

Motivated and detail-oriented B.Tech under graduate specializing in Electronics and Communication Engineering at Vishnu Institute of Technology. Proficient in Full Stack, Python, Editing, Figma and passionate about web & software development. Completed projects through online internships so far. Eager to contribute to web developer with a strong ability to learn, adapt, and solve complex problems. Seeking an entry-level opportunity to grow and apply my skills in a professional setting.

SKILLS

Full Stack Web Development

Python Programming

Video Editing

Figma

Communication skills

SQL & Power BI - created dashboards on Zomato food services

EXPERIENCE & PROJECTS

Codeway

Apr 2024 - May 2024

Python Intern

Developed and implemented Python based projects like:

- **Simple calculator** : performs arithmetic operations
- **Password generator** : generates easy, medium & strong passwords based on user interests
- **To-do list** : enables users to create, edit & delete tasks that improves productivity

CodSoft

May 2024 - Jun 2024

Web Development Intern

Created web development based projects like:

- **Portfolio** : provides insight of my personality and work ethic
- **Landing page** : attracts new customers through effective digital advertising
- **Online Library Management System** : automates the library book-taking process in our college making the librarian to create, update & delete the details of the borrower and stores the borrower's details in a firebase.
- **Online Shopping Website** : a shopping website that sells beauty products

ExcelR & APSCHE

May 2024 - July 2024

IoT Intern

- Developed an IoT based mini project "**Smart Traffic Management System**" that monitors the traffic density to set a green interval time automatically which can reduce traffic congestion, decrease travel times and waiting times and result in reducing environmental pollution.

The Agnirva Space internship Program

Aug 2024 - Oct2024

Inaugurated by IDRO and IN-SPACE

- Explored early astronomical observations and understood the foundations of space exploration.
- Learnt about space history and the current space sector.
- Collaborated with fellow space enthusiasts and created project reports.

EDUCATION

Vishnu Institute of Technology, Bhimavaram 2022-2026

Majors: ECE

Minors: CSE -AIML

CGPA : 9.11 (Till date)

Career Point Junior College, Rajahmundry 2020-2022

MPC

Percentage : 88%

ACHIEVEMENTS & CERTIFICATIONS

Vaadarhi Foundation Annual Students' Competition (Elocution)
First Prize for the year 2019 for Andhra Pradesh State

Web Development by edX & IBM

Python & SQL by HackerRank

Java Programming by NPTEL & IIT Kharagpur

Career Essentials in Software Development by Microsoft and LinkedIn

Mastering Figma by GUVI

Graphic Designing Bootcamp by Lets Upgrade

Digital Marketing by edX & EdinburghX

SQL by edX & StanfordOnline

Cognizant - AI & PWC Switzerland - Power BI Job Simulations by Forage

Digital Skills User Experience by Accenture
